

## OUR TOP INTERCULTURAL TRAINING PROGRAMS AND WORKSHOPS

# SUCCESSFUL COLLABORATION

---

All our training programs and workshops are Tailor-made. Our training programs vary from one to two days depending on the needs of the client.

Successful collaboration with clients and colleagues in a specific country or region such as India, China, France , Belgium, USA, Germany, Southeast Asia, Europe, the Caribbean etc.

Your organization is expanding and opened a new office in a specific country. Your experience is that doing business in that country or region requires specific skills.

Your objectives for a training are:

Gain insight into that particular country or region

Understand the local business values

Understand the local perception of effective collaboration

Acquire skills to recognize and adapt to the local communication style

Gain knowledge of how to motivate the local client or colleague

Develop skills to manage expectations and bridge cultural differences

Who will benefit:

People from your organization working with clients and colleagues in that region

Duration: one or two days depending on the needs of the client
